

*Dear Parishioners of St Francis Xavier,*

*We hope everyone is keeping well despite the uncertainties of this pandemic. In these uncertain times, let us remember that Our Mental Health Matters. Our emotions can be a little all over the place, and for many, anxiety levels are through the roof. Let us continue to trust in God, seek assistance if need be, stay connected with God, the Church, and loved ones.*

*Again, let us continue to see the message of hope and strength in God and community as the pathway forward. Above all, let us remain positive and continue to smile. We are dropping the joke below to keep you smiling.*

*A couple had planned a vacation to a certain part of Africa but due to some logistical issues, the husband left before the wife. On arriving at his destination, he decided to send a quick email to his wife's email address. Unfortunately, he missed a letter in his wife's email and the email was wrongly sent to a widow who had just returned from her husband's funeral. The widow decided to check her email, expecting condolence messages from family and friends. But after reading her first email, she screamed and fainted. The widow's son rushed into the room, found his mother on the floor, and saw the computer screen which read:*

*To: My Loving Wife*

*Subject: I've Just Arrived Today*

*I know you're surprised to hear from me. They have computers here now and you are allowed to send emails to your loved ones. Since I've just arrived, I thought I would send you an email. Everything here has been prepared for your arrival tomorrow. Look forward to seeing you then! Hope your journey is safe as mine was.*

*P.S Sure is freaking hot down here!!!*

***May God bless you and keep you safe. 🙏 We remain available for home visits for essential pastoral reasons. Please contact 6681 1048 should you require a home visit during this lockdown period.***
